

Hood *for Special Forces Water Operations*

The neoprene hood is primarily designed for water transits and surface swimming operations. The hood has ear and nose holes and a drain hole in the top to let air out for subsurface capabilities.

Features:

- Face seal
- Foldable face part for use with mouthpiece
- Matt black finish
- Strong and durable
- 3mm high stretch Neoprene for close fit
- Excellent insulation properties

Available Sizes:

- Medium
- Large
- Extra Large
