Mr Robert Underhill
Jeyco Defence and Maritime
Unit 3/30 Howson Way
BIBRA LAKE WA 6163

Dear Mr Underhill

The purpose of this letter is to confirm that the Defence Materiel Organisation has employed the services of Jeyco Pty Ltd for the manufacture of line splices on Australian Defence Force (ADF) fast ropes. The modified ropes have been used without incident by a number of Australian Army units during helicopter insertion activities.

The point of contact regarding this matter is the ADF Logistic Manager for Aerial Delivery Equipment, Captain John-Paul Ouvrier, on (03) 9282 4124; or email john-paul.ouvrier1@defence.gov.au.

Yours sincerely

M.D. FAHEY
Program Manager
Engineer Equipment
