BUSHMASTER 6 in. BLACK

STYLE #: 801MBK

FEATURES:

- Using the same upper pattern as our original Abyss model, the Bushmaster has been made into a combat ready boot using the highest quality Vibram® sole unit.
- Mid cut height for those wanting a "faster boot", made especially for Special Forces units needing the best equipment.
- High traction, non squeak Vibram® outsole and midsole unit. This provides the best combination of traction and cushion in a boot today .
- Supple synthetic Microfiber PU upper will not absorb water and will dry quickly when wet, this makes for one of the lightest technical combat boots on the market.
- Large mesh quarter panel with leather reinforcements make this boot cool even in the hottest conditions.
- Double reinforced lace loops are made not to fail in the field.
- Variable Sausage Laces will not come untied.
- Reinforced climbing rubber toe and heel to help when scaling walls.
- Full length molded shank provides support even when carrying a heavy load.
- Dual density Ortholite® cushioned footbed with Dri-Lex® lining for increased wicking and foot comfort.

SIZE: 7 -11 1/2, 12, 13, 14

WIDTH: MEDIUM, WIDE (EE)

SPECS: ASSEMBLED IN THE USA/EFFECTIVE JULY 2011
