

BOOTISTAN BROWN/BLACK

STYLE #: 941MBK

We've listened to those in the mountains of Afghanistan and the surrounding region to come up with our Bootistan model.

FEATURES:

- A 100% waterproof boot lined with a Sympatex® membrane as well as waterproof leather make this boot a winner in any harsh environment.
- The 360° degree rubber rand protects the boot from sharp rocks.
- A Vibram® rubber mountain outsole offers traction not found in most boots today.
- Dual density Ortholite® footbed covered with looped wool Dri-Lex® offers the best cushioning as well as wicking comfort. All built on our Composite lasting board for stability.
- Vibram® mountain style outsole and EVA midsole unit. Lugged sole unit provides the best combination of traction and cushion in a boot today.
- 360° degree reinforced climbing rubber rand encompasses the entire boot. This provides support as well as helping prolong the life of the boot and protects against rocks.

SIZE: 6-11½, 12, 13, 14, 15

WIDTH: MEDIUM,
